MAIN CHARACTERISTICS

DIMENSIONS

	Feet-In	Meters
Length Overall	65' – 9"	20.04
Length Water Line	57' – 8"	17.58
Draft	5' – 2"	1.58
Beam	18' – 3"	5.54
Air Draft	20' - 7"	6.28

DESIGN

Hull Type Mono Hull

Hull Material Fiber Reinforced Plastics (FRP) **Superstructure Material** Fiber Reinforced Plastics (FRP)

Yacht Type Motor Yacht

6 + 2**Number of Guests + Crew**

47.54 Tons **Displacement**

CE Certification **Notified Body RINA** В **Design Category**

TANK CAPACITIES

	US. Gallons	Liters
Fuel Capacity	1,500	5,678
Fresh Water Capacity	200	757
Grey Water Capacity (Main + Crew)	50 + 8	188 + 32
Black Water Capacity (Main + Crew)	50 + 15	188 + 57

MACHINERY

Engines Twin MAN i6-800, 588 kW, 800 HP, 2300 RPM

28kW, 230V AC, 50 Hz, 1~phase Generator 230V AC, 50Hz, 1~phase, 24V DC **Electrical Power System**

PERFORMANCE

Top Speed 23 knots* **Cruising Speed** 17 knots* Maximum Range @ 12 knots 600 NM*

^{*}Speed and range estimates may vary depending on cleanliness of hull, and sea conditions.

NOMAD 65 OPTIONS

The options selected from the below list and any additional requirement shall be considered as a variation and upon confirmation shall become a part of Work Order.

- 1. Auxiliary Generator 7 kW, 50 Hz, 1~phase
- 2. Gyro Stabilizer
- **3.** Increased fuel tanks capacity up to 1,500 US gallons (5,678 liters)
- 4. Undercounter fridge
- 5. Upholstered sofa with FRP dining table on flybridge aft
- 6. Crane 600 kg minimum safe load lifting capacity
- 7. Ice Maker in Flybridge
- 8. Dishwasher in Main Galley
- 9. Yacht Name
- 10. Teak decking on flybridge
- 11. Additional 16" chart plotting display on main helm station
- 12. Night vision camera on wheelhouse top
- 13. CCTV camera monitoring system consisting of three cameras
- **14.** Satellite phone
- **15.** Twin 24V DC 1500W capstans
- 16. Tender lift with 600 kg lifting capacity
- **17.** Water maker with production capacity of 140 liters/hour installed with sea water intake pump
- 18. Stern thruster 10kW (13HP) with control joysticks on main and flybridge helm stations
- 19. Eight white LED under water lights
- 20. 32" LED TV, satellite receiver, and media hub in VIP guest cabin
- 21. 32" LED TV, satellite receiver, and media hub in guest cabin
- 22. Fusion stereo on flybridge
- 23. Jetski/Dinghy stainless steel cradle on swim platform
- **24.** Solar power system
- 25. Yacht Controller

gci@gulfcraftinc.com

GENERAL INFORMATION

The design and construction shall be strictly in accordance with the following specifications that describe the Standard Yacht Version.

Design, exterior styling, and interior design shall be performed by the Gulf Craft Inc as per the attached General Arrangement.

Any additional design requirements or any changes in Design or Technical to this Standard Specification shall be considered as a Variation and shall become part of Work Order.

Customer's Confirmation

HULL AND SUPERSTRUCTURE CONSTRUCTION

Reinforcements: Fiber Glass

Resin: Vinylester

Core materials: Styrene Acrylonitrile (SAN) Foam-typical for marine applications, Balsa wood

Construction Process

Combination of Hand-layup lamination and Resin Infusion process is employed. Hull and superstructure are laminated into female molds

During construction process yacht is kept in clean conditions. All finished work is thoroughly protected. Particular attention is given to the covering of materials that could absorb impacts from tools, materials, and workers

Hazards associated with the handling of composite materials are minimized

Gel Coating

Isophthalic gelcoat with low styrene content is employed to create a suitable barrier to water to avoid hydrolysis and ultraviolet degradation. The formulation of gelcoat is for both brush and spray applications. Curing of the gelcoat is done at optimal temperatures using a catalyst recommended by gelcoat manufacturer

External lockers, storages, and FRP furniture are finished in white gelcoat

Finishing of the yacht is done in white gelcoat

Antifouling

Antifouling coating is applied to the hull to prevent growth of subaquatic organisms that may affect a yacht's performance and durability.

SUPERSTRUCTURE

Flybridge

AISI 316L stainless steel railings with glass

Sunbed on the forward

Flybridge helm station

Upholstered captain's sofa

Upholstered sofas with dining table

Service counter with sink and BBQ grill

LED exterior lights

Non-skid floor

Self-draining

Main Deck

AISI 316L stainless steel railings

Two AISI 316L stainless steel deck cleats on the forward, and aft

Two AISI 316L stainless steel fairleads with rollers on forward and aft

Two AISI 316L stainless steel fairlead with cleats on amidships

Two freeing ports

Escape hatch from VIP guest cabin

Pantograph door to wheelhouse on starboard

Stainless steel framed sliding patio door

Stairway to flybridge with teak steps on port

Upholstered sofa with teak dining table

Watertight door to main galley on swim platform

AISI 316L stainless steel transom doors

Swim ladder

LED exterior lights

Self-draining

Teak decking

INTERIOR ARRANGEMENT

Accommodation

The arrangements and cabin layouts shall be laid out and organized in accordance with the standard GA.

Nomad 65 has three guest cabins including the owner's cabin, and two crew cabin in the aft

Owner's cabin have en-suite bathroom. Twin guest cabin and VIP cabin have shared bathroom.

Lighting

LED interior lights

Interior Finish

Sand Oak, Closed grain, 0% gloss matt finish

Dark Grey Oak, Closed grain, 0% gloss matt finish

Floorings

Parquet

Engineered Marble

Solid surface

Resilient tiles

Carpet

Beddings

Owner's Cabin: Mattress protector, fitted sheet, duvet, pillowcases, cushions

VIP Cabin: Mattress protector, fitted sheet, duvet, pillowcases, cushions

Guest Cabins: Mattress protector, fitted sheet, duvets, pillowcases, cushions

Main Saloon

Two sofas with glass top side tables

Coffee table

Sofa with glass top side tables

Dining table with seat on starboard

TV counter mount

Curtains to patio door

Roman blinds Carpeted floor **Main Galley** Corian countertop with bowl, sink and mixer tap Overhead storage cabinets Undercounter storage cabinets Four burner electric hob Fridge Freezer combination Microwave Oven Washing Machine Pleated blinds Parquet floor **Casual Dining and Wheelhouse** Sofa with dining table Stairway to flybridge Companion hatch Main helm station Captain's seat Stairway to guest lobby

MAIN MACHINERY AND EQUIPMENT

Propulsion System

Twin MAN i6-800, 588 kW, 800 HP, 2300 RPM

Twin reverse reduction gearboxes ZF335A with gear ratio 2.458

Twin five blade propellers

Trim Tabs

Dual hydraulic trim tabs on stern

Exhaust and Ventilation

Twin exhaust fans in the engine room for forced ventilation

Mist/moisture eliminators for exhaust fans

Exhaust blowers in bathrooms and galleys

Steering & Maneuvering

Electro-hydraulic steering gear

Smart pump for Autopilot

16HP electric bow thruster

Control Stations

Main helm station

Flybridge helm station

Docking station

Anchoring and Mooring Equipment

Electric anchor winch 2300W, maximum pull 5300lb with deck foot switches

50kg claw type anchor and 12 mm diameter chain of 100 m length

Water tight hatch cover for access to anchor handling equipment

Horn

11

Electric air horn fitted on hardtop

Search Light

Forward search light fitted on hard top

Cathodic Protection

Zinc anodes are bonded on the stern

SUPPLY ITEMS

Two Boat hooks

Six Fenders F6, 11" x 42" White

Six Fender ties, 4.5 meter, 10mm 3 strand, black

Basic tool kit

Deck wash connector

Exterior protection covers for exterior sofas, windows, and windshield

Owner's Manual with maintenance schedule

Engines, machinery, and equipment manuals

YACHT SYSTEMS

Fuel System

1,500 US Gallons (5,678 liters) capacity FRP fuel tanks with interconnection

Fuel to engines, and generator is supplied through day tank

Deck fillers on port and starboard gunwale

AISI 316L stainless steel fuel distribution manifold and piping

Lube Oil System

Electric 24V DC oil change pump

Air Conditioning System

Air conditioning chillers with the total cooling capacity of 120,000 BTU

Single sea water intake pumps

Gas cooled copper coil circulation lines

Air handler units in all accommodation areas with capacities ranging from 4000 to 30000 BTU

Fresh Water System

200 US gallons (757 liters) FRP freshwater tank

Main fresh water 24V DC pump

50 liters water heater

Water filter with 15 GPM flowrate

Provision for water maker

Deck wash pump 24V DC and deck wash connections on swim platform and anchor chain compartment

Dock connection for fresh water supply with pressure regulator on the swim platform

Stainless steel deck filler under the gunwale step

Transom shower with hot and cold-water mixer

Fresh water system is provided for the wipers washer system

Grey Water System

50 US gallons (188 liters) FRP grey water tank and 8 US gallons (32 liters) FRP aft grey water tank

Grey water discharge pump 24V DC for discharging forward grey water tank

Electric submersible discharge pump with auto float switch for discharging aft grey water tank

Black Water System

50 US gallons (188 liters) FRP black water tank and 15 US gallons (57 liters) stainless steel aft black water tank

Electric toilets with automatic operation provided in all bathrooms

Two black water discharge pumps 24V DC for discharging forward black water tank and aft black water tank

Deck out stainless steel fitting for overboard discharge to port/marina

Bilge System

Electric submersible bilge pumps of 500 US gallons/hour capacity with standby pumps of 500 US gallons in all watertight compartments

High water alarm sensors with automatic float switches

Bilge alarm panel with pump operating switches in wheelhouse

ELECTRICAL SYSTEM

Line voltage: 230V AC 1~phase, 50 Hz

DC Voltage: 24V

Single 28 kW diesel generator

Dockside shore power connection is on the starboard provided with 25 m electrical cable

Galvanic isolator 50A

12A battery charger for charging engine batteries

100A battery charger for charging machinery and service batteries

Four 12V, 220AH gel batteries for engines

Two 12V, 220 AH gel batteries for machinery and service equipment

Two 12V, 110AH gel batteries for generator

All accommodation and machinery spaces have 230V AC power outlets

NAVIGATION SYSTEM

Radar Scanner

VHF Radio system

Global positioning system GPS

Remote sounder

Main Helm Station

Single 16" multi touch display for chart plotting

Magnetic Compass

Autopilot display

Instrument display

Trim tab gauge

Rudder angle indicator

Engine display and control panels

Steering wheel, control panel and joystick

gci@gulfcraftinc.com

Bow thruster control joystick

Wiper control panel

Search light control panel with selector switch

Throttle Control

VHF Radio control unit

Engine room fans control panel

Anchor winch control switch panel

Navigation lights, anchor lights, instrument lights, wheelhouse lights, underwater light, horn, black, and grey pump switches panel

USB charging port

Card Reader

Flybridge Helm Station

Single 12" multi touch display for chart plotting

Magnetic Compass

Autopilot display

Instrument display

Trim tab gauge

Rudder angle indicator

Engines RPM gauges

Engine control panel

Bow thruster control joystick

Search light repeater

Throttle control

VHF radio handset

Anchor winch control switch panel

Trim tabs control switches panel

Instrument lights, arch light, flood light, sofa light, and horn switches panel

Steering wheel

Instrumentation

Wind speed transducer

Depth and Temperature thru hull transducer

Tanks level monitoring system integrated with navigation display

Navigation Lights

Following navigation lights are installed:

Masthead light

Side light (Port)

Side light (Stbd)

Stern light

Anchor light

NUC light

Flood Lights

Two flood lights on hardtop aft

Two flood lights on flybridge deck aft

FIRE PREVENTION AND SAFETY EQUIPMENT

Structural Fire Protection

Structural fire protection in the engine room

Fire Detection and Fire Alarm System

Fire alarm panel

Smoke detectors

Heat detectors

Fire bell

Fire Appliances

FM-200 fixed fire extinguisher

02 kg ABC powder fire extinguishers

Fire blanket

Life Saving Appliances

Life raft with the capacity of 08 persons

Foam life jackets for 08 persons

First aid kit

Two plain life buoys

ENTERTAINMENT SYSTEM

Satellite Entertainment System with satellite receivers. Single dome on hardtop

Main Saloon	
40" LED TV	
Media Hub	
Soundbar	
Subwoofer	
Surround Speakers
