COMPANY HISTORY

In 1982 Mohammed Hussein Alshaali along with his brothers Abdullah and Jamal, and Dr. Mohammed Hamdan, their long-standing friend, established Gulf Craft in the United Arab Emirates – driven by an entrepreneurial spirit, a love for the sea and a firm belief that the long-term success of the nation lay in the manufacturing industry.

Under Alshaali's guidance, Gulf Craft has grown from being a manufacturer of small pleasure craft in 1982, to a yacht manufacturer in 1991 and a globally respected builder of superyachts since 2000.

Founded in the Emirates in 1982, Gulf Craft continues to redefine the on-water living experience with its wide variety of premium craft, ranging from 31 feet to 175 feet in length. Deploying advanced technology, powerful engineering, and timeless design, Gulf Craft builds each creation to meet the diverse requirements of its discerning clientele, transforming travel by sea into a journey worth indulging in.

OUR STORY

With a modest 218,000 square foot facility in Ajman, UAE, Gulf Craft initially produced 14 foot runabouts for the local market.

Majesty 86 launched.

Gulf Craft's largest manufacturing facility opened in Umm Al Quwain in the Middle East, complete with 150 ton travel lift and launching bay.

Launch of the Millenium 118, Gulf Craft's first superyacht over 30m.

Gulf Craft introduced the Oryx product line to fill an existing gap between large yachts and small pleasure craft. Specializing in sport yachts and open cruisers, Gulf Craft's Oryx brand gained recognition among a younger target market.

Gulf Craft launched the Gulf 95 Exp at the Dubai International Boat Show – presented a new approach to explorer yacht design that maximizes onboard living space and comfort.

Gulf Craft has clinched a top 10 ranking among the world superyacht-building shipyards, according to the Boat International Global Order book report.

Majesty 105 was announced as a finalist of The World Superyacht Awards 2014.

Gulf Craft won «Quality & Value Award» for the Majesty122 at the World Superyacht Awards.

Gulf Craft announced plans to manufacture megayachts-Majesty 200 & Majesty 175 at the Monaco Yacht Show.

Gulf Craft wins "Best Asian Yacht Builder" at the Asia Pacific Boating Awards.

The Adora 53, the first complex yacht to be built by Gulf Craft was launched. This craft remained as one of the most desirable and popular yacht models in the Middle East for years to come.

A new 100,000 square foot facility producing top-quality yachts, pleasure boats, and rapid transport vessels was launched in the Maldives.

Building on the success of milestone projects like the Majesty 86 and Millenium 118, Gulf Craft launched the brand and product range Majesty Yachts in an ambitious drive to develop the region's first full line-up of luxury yachts.

Born from the 27 years of boat building experience, the Silvercraft range was established to represent Gulf Craft's wide and diverse range of smaller family and fishing boats.

Gulf Craft launched its largest superyacht ever built – the Majesty 135 – further solidifying the company's position as a major player in the prestigious global superyacht market.

Gulf Craft launched its present-day flagship Majesty 155, showing customer confidence in the yard's products.

Catering to an evergrowing demand for long-range, fuel efficient yachts, Gulf Craft introduced the Nomad Yachts brand.

2015 - Won "Best Asian Built Yacht" for the Majesty 122 in Hong Kong during the Asian Boating Awards.

Gulf Craft celebrated 35 years of craftsmanship with a display of 16 world-class vessels at the Dubai International Boat Show.

2017 - Won «Best Asian Built Yacht» for the Majesty 155 at the Asia Boating Awards in Singapore.

REFINED BOAT BUILDING SKILLS PERFECTED OVER 35 YEARS

At Gulf Craft we believe each yacht we build is unique – an individual and complex exercise in engineering, design and craftsmanship; which is why we prefer the term yacht builders rather than yacht producers. Our shipyard does not resemble a production line – each yacht is an individual project, finished uniquely to match the desires of its owner.

Our yachts are developed using detailed computer modeling and using the latest technologies such as CNC and waterjet, but the human hand still lends the final touches and it is the human eye that grants the final seal of approval after the industrial tests and standards are stamped. We value craftsmanship and it is a skill we have nurtured for over three decades.
